Please provide any other identifying information such as boat name, colors, etc.:

Upon receipt of a completed application and a copy of the boat registration, the Waterford Landing Homeowner's Association will issue all eligible applicants a resident permit decal to be affixed to the bottom driver's side of their boat's windshield for the purposes of identification (if the boat does not have a windshield, the decal should be placed on the hull just in front of the steering wheel). The permit's sole purpose is that of identification. Waterford Landing resident permit decals do not, in any way, guarantee available dock space or any other privileges for the holder.

Each permit issued is valid for one boat owned by a current Waterford Landing resident, property owner, or renter. Renters must provide a signed and dated copy of their lease agreement along with the completed permit application and a copy of the boat registration.

Residents that own more than one boat must submit a separate application and boat registration for each additional permit. The Board of Directors reserves the right to limit the number of permits that may be issued to each property owner.

Please sign below to indicate that you have read and accept the above conditions for issuance of a Waterford Landing resident permit decal.
